Section 9: Frequently asked questions

1. What are the selection criteria?

There are four primary selection criteria:

- Level of creative potential/ability
- Level of technical ability/experience
- Capacity to think conceptually
- Awareness/Intermediate knowledge of art history and/or contemporary art practice.

2. What is pre-selection?

Pre-selection is the process by which we select those applicants who will be invited to be interviewed for the Fine Art program.

3. How important is the folio submitted with the selection task?

Your folio is very important. It should therefore contain what you believe to be your best work and what most clearly represents your interests and artistic concerns.

4. Can I express interest in more than one specialisation?

Yes, you can apply for multiple specialisations, however you must include a folio of work for each specialisation for which you are applying.

5. Can I make an appointment to personally discuss my application?

Regrettably, we do not have the resources to be able to meet personally with every intending applicant to discuss their circumstances and options. We are also unable to provide tours of facilities or studios.

6. Can my folio presentation take place by telephone?

At this stage, folio presentations are run through online platforms such as Microsoft Teams.

7. If I am invited to attend a folio presentation, what else do I need?

All shortlisted applicants are expected to supply a folio of their work with the selection task. This is a very important part of the selection process. Your folio is weighted at 80% and the presentation at 20%. Your folio is expected to contain some examples of recently completed work, particularly in the medium of the specialisation/s to which you are applying to gain entry. The actual number of these works may vary between applicants and will be dependent on the size of the work. However, the selection panel is keen to see as broad a range of work as possible.

If you have an extensive folio, you may wish to consider selecting a smaller group of works and/or documenting some of it photographically or, in the case of time-based works, you might consider making a 'show reel'. Applicants are also encouraged to supply sketchbooks and any other supporting documentation which may assist the panel in assessing their abilities.

8. What happens at the folio presentation?

During the folio presentation you will present your folio to a panel consisting of staff from the specialisation/s to which you have applied. You will be asked questions about your work and interests, in line with the selection criteria.

Folio presentations are conducted in a friendly and supportive manner and are normally expected to take approximately fifteen to twenty minutes but may be longer for some specialisations.

9. What is the program structure? What subjects can I study?

The fine art program structure makes it possible for students to make a specialist study and work across a number of other discipline areas. Program advice is available at the time of enrolment to assist students in selecting the most appropriate courses that reflect their aims and aspirations.
